The Four Way Test

| | |
|--|---|
| Is it the TRUTH? | Is it FAIR to all concerned? |
| Will it build GOODWILL & BETTER FRIENDSHIPS? | Will it be BENEFICIAL to all concerned? |

June 8 — Wayne Bryan and Music Theatre Wichita Performers

Topic: *Preview of Season's Musical Productions*

Wayne Bryan is beginning his 28th season as producing artistic director for Music Theatre Wichita ... not bad for a fellow who had never been a producer when he showed up for duty here on April Fools' Day, 1988. In the course of his tenure here, Music Theatre has grown from a theatre with a budget of \$800,000 a year to the most highly subscribed non-profit arts organization in Kansas, with a budget of \$3.6 million (at least 70% of which is annually spent back into the local economy). Combining education with professional theatrical production, Music Theatre Wichita has been internationally praised for its quality. It has also proven to be a significant economic booster for the city, the region and the state.

Raised in southern California, Wayne performed on Broadway in *Good News!*, *Rodgers and Hart*, and *Tintypes*, and on television in such shows as "M*A*S*H" on CBS, "Keystone" on A&E and "American History" on PBS. He has directed award-winning productions all across the country, from San Diego's Old Globe Theatre to New York's City Center.

In addition to various theatrical awards for performing and directing, Wayne has received the Kansas Governor's Arts Award, the Gordon W. Evans Award and the NCCJ Brotherhood Sisterhood Award, honoring those who fight discrimination and encourage diversity. He is also the 2008 recipient of Donna Sweet's Humanitarian of the Year Award. Wayne has published numerous articles on the history and future of the American musical theatre.

June 15 — David Vander Griend — Founder & CEO — ICM, Inc.

Topic: *The Benefits of Ethanol*

Dave Vander Griend is the founder and CEO of ICM, Inc., a company established in 1995 and headquartered in Colwich, Kansas. The company puts its energy into sustaining agriculture through innovation and development of new technologies that will support the renewable fuels industry. ICM's proprietary ethanol processing technology is used in more than 102 bio-refineries in North America and several across the globe.

Vander Griend leads the company's research and development initiatives and promotes the renewable fuels industry, in conjunction with the Government Affairs Division. He also focuses on ways to sustain agriculture and build a stronger economy on a global scale. True to his philanthropic nature, Vander Griend is passionate about projects that integrate people, food, energy and environmental restoration in developing countries.

Dave grew up on a farm outside of Sheldon, Iowa, where he experienced the effects that farming has on rural communities, including the economy. Today, he has made it his mission to help sustain agriculture by finding innovative ways to turn grain into renewable energy sources, such as ethanol.

DEADLINE TO SIGN UP FOR THE SOCIAL FIRESIDE IS JUNE 10!

Please plan to join fellow Rotarians for the last social Fireside of the Rotary year from **5-7 p.m. on Monday, June 22**. We will not meet at noon that day, so plan to come out for a bit of socializing in the evening. These are casual affairs which offer a unique opportunity for fellowship. You will receive a personal invite from your host the week prior to the event with directions. There will be a sign-up sheet at the reception table on Monday at Botanica. You can also register at www.wichitarotary.org, or simply call or email the Rotary office.

Congratulations!

Birthdays

| | |
|---------------|---------|
| Stan Gegan | June 9 |
| Jon Schrage | June 9 |
| Clark Bastian | June 11 |
| John Garvey | June 11 |
| Dave Marteney | June 13 |
| Gene Lygrisse | June 14 |
| Dave Urban | June 14 |

Club Anniversaries

| | |
|-----------------|----------|
| Ron Gessl | 28 years |
