Will it build GOODWILL & BETTER FRIENDSHIPS?	Will it be BENEFICIAL to all concerned?

This program provides a year of professional enrichment for experienced professionals from designated countries which are undergoing development or political transition. In his home country of Zimbabwe, Mandinyenya works as a principle researcher for the African Lion and Environmental Research Trust. The mission of the organization is to promote the development of sustainable conservation management plans for lions. ## BUSINESS FIRESIDE MEETING HOSTS WANTED!

**FEBRUARY 26, 2018**

Business Fireside meetings present an excellent opportunity for our members to showcase their business or organization. The host may determine the optimal number of guests for which they will provide lunch and a brief presentation about business. The club will reimburse the host \$14 per head to defray the cost of lunch. Once the hosts are identified, members will be asked to sign up to attend the meeting of their choice.

If you would like to host a business Fireside meeting at noon on Monday, February 26, please let Patty or Kitchel know, along with your desired number of guests.
