The Four-Way Test

Is it the TRUTH?	Is it FAIR to all concerned?
Will it build GOODWILL & BETTER FRIENDSHIPS?	Will it be BENEFICIAL to all concerned?

SOCIAL EVENING FIRESIDE / NEW MEMBER RECEPTION
MONDAY, MAY 21, 5:30 — 7:30 PM
NEWMAN UNIVERSITY — BISHOP GERBER SCIENCE CENTER

This year we are excited to combine our new member reception with the final social Fireside of the Rotary year. Rotarians and guests are invited to gather in the foyer of Newman University's newest building, the Bishop Gerber Science Center, to enjoy cocktails and appetizers at 5:30 pm. At approximately 6:00 pm we will recognize the more than 50 new members who have joined the club in the past 12 months. A brief presentation will follow by Newman University President and Rotarian Noreen Carrocci and various science and nursing faculty. Guided tours will be available of the building's classrooms and labs including renovated spaces in the adjacent Eck Hall for Nursing and Allied Health programs.

The new, 51,400 square foot Bishop Gerber Science Center features interactive classrooms, labs, new equipment, collaborative learning spaces, and a functioning cadaver lab, which is being used to educate Newman students along with first-year KU Medical School-Wichita students. Also featured is an \$80,000 magnet used to examine carbon and hydrogen molecules in an atom, a DNA sequencer and spectrometers of all kinds along with many other tools likely not found on most college campuses. Upgrades to Eck Hall include a nursing lab with two intensive care simulation suites and a nursing anesthesia task training room with two operating room simulation suites.

There will be no noon meeting at Botanica on Monday!

MAY 28 — THERE WILL BE NO MEETING IN OBSERVANCE OF MEMORIAL DAY AND THE ROTARY OFFICE WILL BE CLOSED. ENJOY THE HOLIDAY!

MORE UPCOMING PROGRAMS
